Polin now offers RTM (Resin Transfer Molding) manufactured waterslides within the play structures. Slides manufactured with RTM technology, which is a closed mold technology and which is the latest innovation in waterslide manufacturing, besides many advantages, offer a smooth and perfectly shiny finish on both sides, contributing a lot to the aesthetic appearance of the structure as a whole.

PIRATES OF THE OCEAN

Polin's themed multi-level water play structure, is designed for a more enjoyable water play experience. Waterslides, valves, water cannons, and many other attractions are perfectly designed together to enable the little guests to have an unforgettable experience.
