

The background of the entire page is a dynamic, light blue water splash with numerous small bubbles scattered throughout. In the center, there is a stylized graphic of a water splash in shades of blue and orange. The word "Splash" is written in a large, bold, orange font with a thick black outline, and the word "Cabin" is written below it in a smaller, blue font with a black outline.

Splash Cabin

**PUTTING A CREATIVE, WET NEW EDGE ON
THE WORLD OF GAMING!**

TNTY GROUP

TNTY MAKES SPLASH WITH INDUSTRY'S **FIRST WATER-POWERED,** INTERACTIVE GAME

Competition gets players wet as they battle against animated opponents in first-ever Splash Cabin attraction.

Splash Cabin is a unique game that allows two players to engage in a fun, water-fueled battle with animated competitors using an interactive screen. Guests play from inside a beach-bungalow-style cabin and score points by hitting moving targets while trying to avoid being hit themselves by waterjets shooting from screen-embedded nozzles. Players earn points for hitting targets, and the loser is doused with a water-splash surprise. On the operator side, it is an extra revenue generator. One other feature of this unique attraction is that offering a racing opportunity, the attraction ensures loyalty among the visitors.

AN ENTERPRISING PARTNERSHIP

To create Splash Cabin, Polin partnered with Lagotronics (Venlo, Netherlands), a specialty firm that creates state-of-the-art technology and innovative solutions. Together, the firms have begun an imaginative collaboration developing new, original interactive waterslide experiences for both water sliding and water gaming.

“WE’RE TRULY THRILLED TO ADD A SPLASH CABIN TO OUR LIST OF ATTRACTIONS.”

MUHARREM ATILLA Waterpark Manager
Aquafantasy Waterpark, Izmir, Turkey

SPECIALTY FEATURES SET SPLASH CABIN APART

Thanks to its modular design and small footprint — 3.8 meters long x 5.8 meters high x 3.6 meters wide (12.5 feet long x 19 feet high x 12 feet wide), the hut fits easily into a variety of entertainment and leisure facilities’ operations. The powerful combination of its 3D video screen, full HD images, fantastic fantasy shooters, perfectly pitched audio and high fun factor ensure guests are eager to queue up again and again.
